

FOOD PRODUCTION & SERVICES

Experience gained from direct employment within the Australian agricultural, beverage and food industry provides the knowledge and skill base for the services developed and offered by Scaled Management Systems to this sector.

Exposures to both technical and management roles allow for a complete understanding of systematic process control and an integrated approach to the management of improvements for:-

- Employee relations;
- Environmental management;
- Food safety and HACCP;
- Human resources management;
- Occupational Health, Safety & Welfare (OHSW) management;
- Training;
- Workers' rehabilitation and compensation management.

Additionally, consultancy work has involved the provision of auditing, food safety, OHS & W and quality assurance services to:

- Four Leaf Milling
- Crystal Ice
- Gilbert's Transport
- Mondello Farms
- Rich River Ice
- V&S Packaging
